SPRING 2007

LIQUID WASTE BILLS OFFERED AT 2007 LEGISLATIVE SESSION

*Link Summers, President, POWRA NM
(Professional Onsite Wastewater Reuse Association of New Mexico)*

In an effort to provide a comprehensive solution to New Mexico's liquid waste problems, POWRA has worked to bring 4 bills before the current legislative session. Special thanks go to Representative Jim Trujillo who is our sponsor in the House, and Senator Carlos Cisneros, our sponsor in the Senate.

HB 859 is the Cesspool Elimination Assistance Fund – Illegal since 1973, NMED acknowledges that there are still tens of thousands of cesspools in the state and that they are a clear threat to ground water (reference: <http://www.nmenv.state.nm.us/fod/LiquidWaste/onsite%20sewage%20management%20in%20NM.pdf>).

Many of the people who own these systems lack the resources to replace them. This bill appropriates \$4 million to replace these systems with legal, permitted systems. The funds would be available as grants to anyone in New Mexico who has a cesspool at their personal residence and whose income is less than 250% of the amount established under Federal Poverty Guidelines.

SB 920 and HB 1130 are the Liquid Waste Revolving Loan Fund. They would establish a \$5 million revolving loan fund for repair and replacement of liquid waste systems other than cesspools. These low interest loans would be available to anyone in New Mexico who has a failing liquid waste system other than a cesspool at their personal residence and whose income is less than 250% of the amount established under Federal Poverty Guidelines. These loans are long term, low interest and are subordinated to other loans on the property.

HB 802 and SB 919 are the Advanced Treatment Liquid Waste Tax Credit bills. Any person who installs an advanced

liquid waste system, regardless of income would receive a \$1,500 tax credit to help offset the cost of owning and maintaining these more expensive systems.

HB 858 and SB 921 address the Liquid Waste Fund Purposes. Here is some background on the Liquid Waste Fund: In 1996 Governor Gary Johnson granted the authority to issue liquid waste permits exclusively to NMED but he opposed any from of fee. So from 1996 to 2000 Liquid Waste Permits were issued with no fee. In 2000 Governor Johnson changed his mind and the current fee structure for Liquid Waste Permits was put in place. In order to get support for that legislation, the Liquid Waste Fund was established to receive all the money generated by the permit fees. The fund was placed under the control of NMED and had no legislative oversight. The industry and interested parties were told that the fund would be audited annually and its uses would be fully disclosed. POWRA NM was told that the fund was "earmarked" for education and field personnel only. The final version of the law as passed uses the fund for "administration". For years POWRA NM asked for the audit and has never received any response.

Bills HB 858 and SB 921 require a full accounting for the fund on an annual basis and require NMED to submit an annual budget for legislative approval of the fund's use. The bills limit use of the fund to 12% for administration and auditing (other programs in the state, like some in MFA and others are limited to 5% for administration), 25% for certification, 13% for public outreach programs, and at least 50% for field personnel only. The fund receives over \$800,000 annually at the current time. This proposed bill would provide the public with full disclosure of NMED's use of the funds.

HIGHLIGHTS OF THE NMWWA 51ST ANNUAL SCHOOL AWARDS BANQUET

Armando Arredondo received the “Max Summerlot Award for Wastewater” on behalf of the City of Clovis.

NMWWA officers
(left to right - center page)
Albert Barela, Caroline Martinez,
Cynthia Arnold, Eric Lopez,
LuAnn Bustamante, Rick Griego,
Cindy Huntsman, Mario Gonzales

President, Cynthia Arnold presented “Cynthia Hiers-Robinson Instructor Awards” to Terry Mount and Bart Starr (not pictured).

See page 7 for a full list of awards

Cindy Huntsman received the “John Clark Award”.

Nicole Mangin received the “Caroline Martinez Outstanding Achievement Award”.

CERTIFICATION NEWS

*Dennis Quintana,
Certification Office
NMED SWQB Facility Operations Section*

**New Mexico
Water & Wastewater
Association**

PRESIDENT'S CORNER

Cynthia Arnold

The Facility Operations Team is working on a new automated project (database) that will list employer and employees for water and wastewater facilities. We will need your help to make this happen.

On the examination application form (part E. Experience) ; located on the right hand side of the page, second box down are the words (** System ID or Discharge Permit # Required:); please enter either your Public Water System # (PWS #) [for water] or your Discharge Permit # (DP#) [for wastewater]. If you do not know the number(s) associated with your system, you can look it/them up on our web-site @ <http://www.nmenv.state.nm.us/SWQB/FOT/index.html> . The links may be found at the bottom of the page under "other useful links". If you have trouble finding your system Permit ID # please call Dennis Quintana @ (505) 827-0154 for assistance.

Remember that applications for testing can be rejected if the PWS or DP numbers are not entered on your application.

<http://dabcc.nmsu.edu/>

My first responsibility as Association President was to moderate the January board meeting in Las Cruces. The formalities were a little awkward but I muddled through it without too much snickering. We covered the status of the NMWWA and its Sections, NMED certification and training, and the DACC Water Utility Program.

In brief summary, the Association will be updating our Constitution and By-laws this year due to the age of the documents and their conflict with new ones. Most of the state Sections are struggling to get local participation from their members (please attend the meetings and get involved). NMED is still stressing that training credits can be submitted and viewed via their website and that operators may soon be easily tracked by facility of employment. The DACC Water Technology Program will cancel their summer water and wastewater sampling and analysis lab classes if they do not meet attendance requirements this year.

It was nice to see so many friendly faces at Annual School. As the President, I also had the pleasure of getting up in front of everyone to make announcements (and making a fool of myself—thanks for your understanding). As usual, the week's training was a great success due to the thoughtful volunteers who graciously shared their time and knowledge. From personal experience, I've found this school to be among the best in the state (along with the other schools organized by NMWWA!) at helping operators to maintain their certification and providing them knowledge to apply to their job.

My personal goals as your President this year are: to get the previously mentioned documents updated; make the NMWWA website easier to navigate; financially secure the Executive Manager position; and produce an Ethics document to suggest proper spending at the Section level. I'm proud to take part in the development of the NMWWA as President—maybe next time I'll tell you how I got suckered into the job!

2007 NEW MEXICO TRAINING CALENDAR 2007

MARCH

RAGSDALE AND ASSOCIATES & MEC TECH SERVICES WORKSHOPS —

■ BASIC WATER CERTIFICATION

TOPICS: Levels 1&2 basic water

DATE: March 13-15, Tuesday - Thursday

■ ADVANCED WATER CERTIFICATION

TOPICS: Levels 3&4 advanced water

DATE: March 13-15, Tuesday - Thursday

REGISTRATION: \$250 for each three-day workshop. **Advanced registration is required, class size is limited.**

CREDITS: 21 hours for three days

TIMES: 8-5, each day

LOCATION: Albuquerque, UNM Continuing Education
Bldg.; University & Indian School

CONTACT: Nicole Mangin, MEC TECH Services, 505-459-6832

NMRWA 29TH ANNUAL CONFERENCE

TOPICS: Provides water and wastewater professionals the opportunity of learn about new trends, services, and industry products while networking with their peers.

DATES: March 19-21, Monday to Wednesday

TIMES: 8 to 5 each day

LOCATION: Albuquerque, Hotel Albuquerque at Old Town,
800 Rio Grande Blvd.

REGISTRATION: \$150 for members, \$250 for non-members -
Advance registration (\$170 or \$270 after March 1);
single day registration \$75 for members, \$95 for non-
members; 505-884-1031, 800-819-9893

CREDITS: 18 hours

CONTACT: NM Rural Water Assoc., www.nmrwa.org

NMED EXAM: March 22, 8 to 2:30. *Submit your test application by February 21st at the latest.*

APRIL

NMWWA NORTHWEST SECTION -

JOHN ALLISON MEMORIAL WORKSHOP

TOPICS: Levels 1 – 2, Basic water & wastewater

DATE: April 16-19, Monday to Thursday

TIMES: 8 to 5 each day

LOCATION: Farmington, San Juan College, 4601 College Blvd.

REGISTRATION: \$140, members; \$180, non-members

Advanced registration is requested

CREDITS: 26 hours

CONTACT: Cindy Huntsman, 505-334-8684

NMED EXAM: April 20, 8 to 2:30.

Submit your test application by March 21st at the latest.

NMRWA TRAINING – OPERATOR CERTIFICATION FUNDAMENTALS & MOCK EXAM

DATE: April 3-5, Tuesday - Thursday

LOCATION: Chamita, Water Association Building

REGISTRATION: 505-884-1031, 800-819-9893

CONTACT: NM Rural Water Assoc., www.nmrwa.org

NMRWA TRAINING —

■ DISTRIBUTION

DATE: April 10, Tuesday

■ BASIC/INTERMEDIATE WATER MATH

DATE: April 11, Wednesday

LOCATION: Cimmaron, Philmont Boy Scout Ranch,
Conference Bldg.

REGISTRATION: 505-884-1031, 800-819-9893

CONTACT: NM Rural Water Assoc., www.nmrwa.org

NMRWA TRAINING – SMALL WATER O&M

DATE: April 12-13, Thursday & Friday

LOCATION: Las Vegas, Luna Community College

REGISTRATION: 505-884-1031, 800-819-9893

CONTACT: NM Rural Water Assoc., www.nmrwa.org

MAY

NMRWA TRAINING – OPERATOR CERTIFICATION FUNDAMENTALS & MOCK EXAM

DATE: May 2-4 Wednesday - Friday

LOCATION: Bluewater Lake, Utilities Office

REGISTRATION: 505-884-1031, 800-819-9893

CONTACT: NM Rural Water Assoc., www.nmrwa.org

NMRWA TRAINING – SMALL WATER O&M

DATE: May 9-10, Wednesday & Thursday

LOCATION: Deming, Mimbres Valley Special Events Center

REGISTRATION: 505-884-1031, 800-819-9893

Mike Mendoza

Michael Sanchez

Darell Benjamin

Betty Behrend

Ruben Salcido, Sr.

OPERATOR SPOTLIGHT - MARK EARNEST

Southeast Section

Mark Earnest was hired in August 1986 with the City of Roswell Water Maintenance and Transmission Department as a Water/Sewer Maintainer I. Increasing responsibilities & experience have brought him to his current title of Equipment Operator II (Supervisor). He recently received the Roswell Length of Service Awards 20 year pin for continued years of service.

Mark has been an avid member of the NMWWA SE Section. In 1993 and 1994 he was the Secretary Treasurer and in 2002 & 2003, President of the Section. He is currently President of the SE Section and is looking forward to serving for the remainder of 2007 and maybe into 2008, depending on member's voting outcome.

Mark is a Level IV Water and Level II Wastewater Operator. His duties require him to supervise crews on the maintenance and construction sites of city projects and private developments

to insure that Public Works Specifications are followed and remain at the highest quality possible.

Enough about Mark, remember without all members, staff and everyone involved within the association in all aspects this spotlight would not be possible and there would be no New Mexico Water & Wastewater Association. All operators deserve recognition.
